- Mrs. McCormick seconded
- All ayes
- Motion carried

Review and Consideration to Approve Bills

- Mr. Dials motioned to approve the List of Bills including Prime AE Invoice 22514-07 Inez & Tug Valley WWTP 2022 Improvements
- Mrs. McCormick seconded
- All ayes

- Motion carried

Legal Issues to Discuss

- No Legal Issues to Discuss

Operations Report

- Mr. May presented the Operations Report
- Mr. May presented the DMR Report

Capital Projects Report

- IWWTP- Have 2 Change Orders to go over for Board approval. NAC had their inspection of the disc aerators; the manufacturer came out and inspected those and that has been completed. NAC has installed the shaft for the aerators, and they are currently building the aerators, told by Prime AE that NAC had given them an update that they would probably have those built in the next 2 weeks. Going to be working on the electrical with the expectation that it should be completed by the end of the month- still within project scope
- Davella Route 3 Project for the Lift Station and Line Replacement- the DOW permit is now complete. Prime AE is working to finalize the easement documents. The next step is to KYTC permit submitted for where they cross the Highway and finalize their cost estimates. Their expectation is to have all that done by the end of August and that way it can go out to Bid by September. They will be offering an alternative option for one of the property owners had come out and asked for a bore across some of their property instead of digging through the road to possibly keep from issues down the road so Prime AE is working with them. Looking at different local companies to get cost estimates to compare bore vs. open cut costs.

Other Old Business to Discuss

- AWR Update the Board on the Flood Damage Infrastructure Repair Status, Insurance Claims, and Funding – Everything has been completed. Everything has been finalized by FEMA and has been sent over to KY Emergency Management. Only thing we haven't received funding on is the CATZ Management Cost. The 2 big ticket items they're working on now is the invoices for (2) \$29000 invoices for the pumps for IGA and Locust Court Lift Stations. Working with a couple different contractors for quotes on the control panels. Have ordered those control panels through US Bearing and once those are completed those will be installed as well as the pumps installed. Once those things are completed will need to revisit the document KY Emergency Management sent regarding any remaining money and how that should be spent. Also waiting on the control panel for Dempsey Pit, already received the pump

- AWR Update Board on Inez WWTP Waste Characterization Services for Disposal – Board had already approved company for a full characterization of the sludge from the water plant in the sand beds and the drying beds. The results will let the District know what the options after sampling at different sites of what their recommendation for sludge removal will be
- Mr. May asked for a motion to approve for him to schedule to meet with them to begin process
- Mr. Kirk made the motion
- Mrs. McCormick seconded the motion
- All ayes
- Motion carried

Other New Business to Discuss

- Consider a Motion to Elect New Officers
- Mr. Dials made a motion to elect the Sanitation Officers to match the same as those for the Water District
- Mr. Kirk seconded the motion
- All ayes
- Motion carried

- Consider a Motion to Approve Martin County Sanitation Draft 2025 Audit
- Mrs. McCormick made the motion
- Mr. Kirk seconded the motion
- All ayes
- Motion carried

- Consider a Motion to Approve Inez Wastewater Treatment Plant Change Orders
- Mrs. McCormick made the motion
- Mr. Dials seconded the motion
- All ayes
- Motion carried

- Consider a Motion to Select an Administrator for 2027 FYE KY WWaters Applications
- Mr. Kirk made the motion to elect FAHE as Administrator for high priority projects, Coldwater Sewer Rehabilitation and Downtown Sewer Line applications
- Mrs. McCormick seconded the motion
- All ayes
- Motion carried
- Mr. Kirk made a motion to approve BSADD 5 additional applications
- Mrs. McCormick seconded the motion
- All ayes
- Motion Carried

- Consider a Motion to Select an Administrator for the Funded 2026 FYE KYWWaters Awarded Projects
- Mr. Dials made a motion to Elect FAHE as administrator
- Mrs. McCormick seconded the motion
- All ayes
- Motion carried

Motion to Adjourn

- Mr. Dials motioned to adjourn the meeting at 8:23 p.m.
- Mr. Kirk seconded
- All ayes
- Motion Carried

Minutes approved this _____ day of _____, 2026.

John Paul Hensley, Interim Chairman

Helen Proctor, District Clerk

FEMA
Inez/Tug Valley WWTP Improvement Project

Martin County Sanitation District

August 2026

OUR MISSION

We partner with communities to deliver the finest water and wastewater services available at a competitive price. We are committed to keeping water safe and clean while serving people and taking care of communities with improved technical operations, careful management and financial oversight, and ensured regulatory compliance.

Alliance Water Resources, Inc.

**206 S. Keene St.
Columbia, MO
65201**

(573) 874-8080

Administrative

Successful onboarding of new Local Manager Robbie Nichols

Interviewed candidates to backfill open Utility Worker position

Met with contractors at the new Martin County Elementary School to identify lines and review construction drawings

Met with County representative to discuss Fema Buyout Program

Wastewater Treatment

Pioneer Environmental collected sludge profile samples to be analyzed for the sand filters and drying bed sludge

Working with contractors and engineers to finish the Inez WWTP Rehab Project

Rewired TV plant drain pump and replaced three faulty 100-amp fuses

Performed maintenance on TV plant drain check valves

TVWWTP – Generator battery charger is down. Replacement part ordered

Collections

IGA L/S – Repaired guide rails and breakaway. Installed manual run switch to Maintain operation pending FEMA electrical panel replacement

Middle School L/S – Rewired station and replaced starter and overload. Replaced float controls

Martin County Sanitation District

Professional Water and Wastewater Operations
Martin County Sanitation District

Monthly Transaction Notes:

1) Building & Grounds Maintenance

- a. Evans Hardware: \$21.19 – Replacement STIHL trimmer head for grounds maintenance equipment.
- b. Evans Hardware: \$25.43 – Trimmer line for weed-eating and vegetation control.
- c. Evans Hardware: \$28.26 – STIHL 2-cycle oil mix for equipment maintenance and field use.
- d. Evans Hardware: \$131.34 – Electrical materials used to replace the junction box at the Inez WWTP.
- e. Evans Hardware: \$41.32 – Replacement sprayer for vegetation control application around facilities and grounds.

Total Activities: \$247.54

2) Vehicle Maintenance

- a. Tractor Supply: \$148.39 – Replacement trailer jack after the existing jack was damaged and removed from the trailer.
- b. Oil Changers: \$153.40 – Full-service oil change, air filter replacement, and fuel system treatment for a 2020 Ford F-150.
- c. Oil Changers: \$157.40 – Full-service oil change and replacement wiper blades for a Ram 5500 service truck.

Total Activities: \$459.19

3) Wastewater Plant Maintenance

- a. Lowe's: \$23.83 – Toilet shut-off valve for plumbing repairs.
- b. Evans Hardware: \$110.77 – Winch, chain, and fasteners used for maintenance

Total Activities: \$134.60

4) Collection System Maintenance

- a. Evans Hardware: \$10.59 – Fluorescent marking paint for locating and marking collection system assets.
- b. Evans Hardware: \$55.10 – Electrical supplies and batteries for field repairs and locating equipment.
- c. Evans Hardware: \$5.29 – PVC compression coupling for collection line repairs.
- d. Tractor Supply: \$215.15 – New ball valve for the Blue Pump Truck.
- e. Evans Hardware: \$13.95 – PVC globe valves, reducing tee, and nut driver for repair work.

Total Activities: \$300.08

5) Lift Station Maintenance

- a. Evans Hardware: \$35.48 – Shop towels, absorbent rags, and PVC compression coupling for maintenance activities.
- b. Consolidated Pipe: \$52.43 – Pipe repair materials and fittings.

Martin County Sanitation District

- c. Consolidated Pipe: \$636.30 – Brass couplings, swing check valve, and HDPE reducer fittings for lift station piping repairs.
- d. Advance Auto: \$127.19 – Motor oil for lift station equipment and motors.

Total Activities: \$851.40

6) Chemicals Other- Wastewater

- a. \$0.00

EPA may make all the information submitted through this form (including all attachments) available to the public without further notice to you. Do not use this online form to submit personal information (e.g., non-business cell phone number or non-business email address), confidential business information (CBI), or if you intend to assert a CBI claim on any of the submitted information. Pursuant to 40 CFR 2.203(a), EPA is providing you with notice that all CBI claims must be asserted at the time of submission. EPA cannot accommodate a late CBI claim to cover previously submitted information because efforts to protect the information are not administratively practicable since it may already be disclosed to the public. Although we do not foresee a need for persons to assert a claim of CBI based on the types of information requested in this form, if persons wish to assert a CBI claim we direct submitters to contact the [NPDES eReporting Help Desk](#) for further guidance. Please note that EPA may contact you after you submit this report for more information.

This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2040-0004). Responses to this collection of information are mandatory in accordance with this permit and EPA NPDES regulations 40 CFR 122.41(l)(4)(i). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information are estimated to average 2 hours per outfall. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Regulatory Support Division Director, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

		Funded			
MCSD Ranking	Project Name	PNum	Project Cost	Application	Project Description
1	Trucks/Equipment (Sewer)	SX21159022	\$ 535,000	No Funding App	This would allow the district to purchase a new pump trailer/jetter combo unit and a new camera system to perform line inspections. It also includes the replacement of a few pickup trucks which are past their service life.
2	Coldwater Sewer Rehabilitation	SX21159027	\$ 1,369,000	KIA - FAHE	The project will replace the existing undersized 6-inch sanitary sewer that provides service to the Sheldon Clark High School, Inez. KY. The project includes approximately 3,200 liner feet of 8-inch gravity sewer PVC SDR-35 pipe, 8 manholes, and 300-feet of 16-inch steel casing pipe to be bore and jack under KY 545 and KY40.
3	Downtown Sewer Line Replacement	SX21159031	\$ 7,102,000	KIA - FAHE	The project will replace a portion of the existing community centralized septic tank system and convert the system to a conventional gravity sewer system. The proposed project will extend from the Inez WWTP to near the intersection of West Main Street and Cardinal Lane. Approximately 140 customers along Main Street, Board Walk, Holy Street, Court Street and Wickerfield Road will be impacted. The project is envisioned to include 12,000-feet of 8-inch to 12-inch SDR 35 gravity sewers, approximately 50 manholes, 450-feet of casing pipe, and customer lateral connections. The project is envisioned in conjunction with WX21159027 - Inez Waterline Replacement to minimize the costs associated with pavement repairs.
4	County Wide Lift Station Replacements - Phase 2	SX21159029	\$ 4,096,000	No Funding App	This project will include increasing the security and reliability at the existing 13 lift stations in Martin County that flow to the Inez WWTP and the Tug Valley WWTP. The security and reliability projects include odor control, SCADA, fences, transfer switches, and connections to portable generators at the lift stations in the MCSD system listed below. Lift Stations for Inez WWTP 1. County Garage Lift Station 2. Save-A-Lot Lift Station 3. Saltwell Lift Station 4. Davis Branch Lift 5. Quall Hollow Lift Station 6. Harden Bottom Lift Station 7. Black Log Lift Station Lift Station for Tug Valley WWTP 8. Riverside Lift Station 9. Dempsey List Station 10. IGA Lift Station 11. Middle School Lift Station 12. Riverside Duplex Lift Station 13. Locust Court Lift Station
5	Coldwater Sewer Extension and Lift Stations	SX21159026	\$ 9,742,000	No Funding App	This project will include the installation of approximately 12,000 feet of gravity sewer along Coldwater Road, two (2) new lift stations with 200 GPM submersible pumps, and approximately 6,000 feet of force main discharging to the existing upsized Coldwater gravity sewer. This project would serve the proposed Coldwater Development as well as 80 existing homes along Coldwater Road. Collectively, this project could add between 80,000 and 105,000 gpd to the Inez WWTP influent flow.
6	Rockcastle Sewer Extension and Lift Station	SX21159032	\$ 5,425,000	No Funding App	This project includes the installation of approximately 6,000 feet of new 8" gravity sewer and an intermediate lift station with 5,500 feet of 6" forcemain to provide sanitary sewer service to the proposed Crooked Run Development. Sewer would be installed along Rockcastle Road to ultimately convey wastewater to the Inez WWTP influent pump station. This development could generate an estimated 40,000 to 60,000 gpd of domestic wastewater.
7	Davella Road Sewer Extension - Phase 2	SX21159030	\$ 10,771,000	No Funding App	The project will extend sanitary sewer service from Debord to Beech Branch and along Davella Road. This project provides sanitary sewer service to 99 residential customers and 2 commercial customers. In addition to the customers along Davella Road, the project will provide sanitary sewer service to 16 residential customers and 2 commercial customers along KY-3 that did not receive service from the Phase 1 project. The project includes 115 residential grinder lift stations, 4 commercial grinder lift stations, 5,000' of 1 ½ forcemain, 11,000' of 2" forcemain, and 11,000' of 4" forcemain. The proposed forcemain will discharge to the lift station from Phase 1 of the project that eliminated the R & J Development packaged WWTP. This project could generate an estimated 30,000 to 40,000 gpd of domestic wastewater.
8	Tug Valley and Inez WWTP SCADA Monitoring and Control Upgrades	SX21159033	\$ 4,522,000	No Funding App	The project includes providing new SCADA equipment at the 13 lift stations in the Martin County sanitary sewer collection system. The SCADA system will include field instruments (sensors/actuators), RTUs/PLCs for data collection, a communications network, a Master Terminal Unit (MTU)/central server, human-machine interface (HMI), and a data historian to store data. The system will allow the MCSD to monitor, control, and optimize its wastewater collection system from the Tug Valley and Inez WWTP's.
9	Tug Valley Treatment Plant Upgrade Phase I	SX21159014	\$ 5,128,000	No Funding App	This scope of work would be used to upgrade the Tug Valley treatment plant including adding additional valving and piping to allow a septic receiving station to be added. It would also include the demo of the old package plant in the Dempsey project and address collection system lift station upgrades. (Project Profile needs updated to include chemical feed and Scada interaction)

10	Tug Valley WWTP Improvements - Phase 2	SX21159025	\$ 6,032,000	No Funding App	The Scope of Work for the Tug Valley WWTP Improvements – Phase 2 includes the addition of an equalization basin, sludge digester, belt filter press, odor control system, digester covers, and maintenance building. These items were not constructed when the WWTP was built in 2012 due to budget constraints. The project would also include replacing failing components at the WWTP. The failing components consist of sludge digester pumps, basin pumps, and post eq basin pumps and controls.
11	County Wide Grinder Pump Replacement	SX21159028	\$ 607,000	No Funding App	The Martin County Sanitation District (MCSD) currently provides service to 860 residential and commercial customers. The Inez and Tug Valley wastewater collection systems include approximately 750 grinder pump stations. These grinder pump stations were installed between 2004 and 2017 and are beyond their useful life resulting in higher maintenance and operational cost. This Phase 1 project will replace 30 of the existing grinder pump stations.
Funded	Debt Service	SX21159021	\$ 2,169,799	KIA	To pay off existing debt and mitigate the need to raise rates on an already high rate for one of the poorest counties in the Commonwealth.
Funded	County Wide Lift Station Replacement	SX21159020	\$ 6,596,750	KIA	Project will address all lift stations in the Inez area of the County. Saltwell lift station added to this project and removed from WRIS.
Funded	Inez Wastewater System Improvement Project	SX21159024	\$ 3,864,100	KIA	Phase II Inez treatment plant was constructed in 1989 with a upgrade in 2011. Currently the plant is unable to meet permit due to it being beyond its useful life. The upgrade would covert the plant from gray water treatment to municipal waste water treatment plant.
Funded	Inez Wastewater System Improvement Project	SX21159013	\$ 4,800,000	Federal Earmark	Phase II Inez treatment plant was constructed in 1989 with a upgrade in 2011. Currently the plant is unable to meet permit due to it being beyond its useful life. The upgrade would covert the plant from gray water treatment to municipal waste water treatment plant.
Funded	Black Log Gravity Line Replacements	SX21159023	\$ 1,687,380	KIA	Roughly 6000 feet of gravity main that doesn't flow correctly - camera shows dips in main
Funded	Martin County Wastewater System Master Plan	SX21159018	\$ 260,000	HUD	This would be a compressive look at the entire wastewater infrastructure and provide existing condition evaluation and provide ten year capital projects plan for the future.
Funded	Sanitary Extension Davella Road to KY HWY 3	SX21159018	\$ 2,847,000	HUD	Extend sanitation line and install lift station at
Funded	Inez Wastewater Rehab	SX21159017	\$ 685,625	EEC/KIA	This work will be phase 1 to get plant in compliance in preparation for phase II listed above.

Total Capital Needed \$ 78,239,654

Water and Wastewater Assistance for Troubled or Economically Restrained
Systems (KY WWATERS) Program Project**

WHEREAS, Martin County Sanitation District proposes to complete capital projects as identified in the Water Resource Information System (WRIS) as

SX21159027, Coldwater Sewer Rehabilitation

SX21159031, Downtown Sewer Line Replacement

WHEREAS, the Martin County Sanitation District Board endorses said projects, and,

WHEREAS, under the terms of amendments to KRS 224A, the KY WWATERS Program was established to provide for a funding application and evaluation process for eligible public water and wastewater systems to seek funds from the General Assembly, and,

WHEREAS, the purposes proposed for either capital or non-capital expenses by the Martin County Sanitation District within the Martin County area are considered eligible for such funding assistance.

NOW THEREFORE, BE IT RESOLVED by the Martin County Sanitation District that the Water Board Chair and Successors-in-Title are hereby authorized to execute and submit an application through the Kentucky Infrastructure Authority with such assurances and required supporting data as is necessary to obtain funding assistance from the KY WWATERS Program for the proposed capital or non-capital projects, and are hereby authorized as Martin County Sanitation District's Official Project Representative to carry out necessary negotiations for and administer the funding assistance the applicant may obtain from the KY WWATERS Program.

Passed by motion this 24th day of August 2026 by the Martin County Sanitation District Board of Directors.
